Worldwide Aquatic Bodywork Association
Public Relations & Marketing Committee
2019 Annual Raport

The biggest WABA international promotional activity was World Watsu Week dated on 22 - 28 March 2019. It was a continuation of WWW idea started in 2007 and continued in some countries every year, but this time on much larger scale. 21 countries were involved and many free sessions, workshops, gatherings and presentations were done.
WWW subcommittee prepared international coordination of local events through social media and dedicated website.
PR&M Committee would like to thank the WWW coordinators:
Keli Procopio
Roman Nedved
Tatayana Penzina
Tomasz Zagorski
Simone Albini
Steven Titze
Zdenka Jasova

PR&M Committee continue Watsu promotion and communication with public through social media with WABA Group on Facebook. The group reached 1600 members at the end of 2019.

On September 30th - October 6th, in Poland there was a Poznan CP Week as a celebration of International Celebral Palsy Day (October 6th). Several events including conference, art expo, treatment services and Watsu sessions took place. Aleksandra Koziorowska coordinated this project.

In October 2019, the 10th Interdisciplinary World Congress on Low Back and Pelvic Girdle Pain took Place in Antwerp, Belgium. During this event Tomasz Zagorski presented the poster: Perceived Pain and Functional Disability Assessment in Patients with Hip Osteoarthritis After Hydrotherapy (Wastu Therapy). Authors: A. Kulik, J. Trzeciak, K. Weber-Nowakowska, E. Rosloniec, T. Zagorski.
